Why this fiscal note differs from previous version/comments:

This fiscal note's impact has been reduced to zero based on changes to the committee substitute. The current version of the bill removes the requirement for the Division to collect and identify the house district on applications and the attestation that the applicant has been a resident for the past 30 days. In addition, this version no longer requires the Division to amend applications to certify under penalty of perjury United States citizenship.

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

-

Analysis

The proposed legislation makes several changes to current election laws carried out by the Division of Elections. The Permanent Fund Dividend (PFD) Division does not anticipate a change to the current process of including a residency question on the PFD application. Applicants will continue to sign and certify the information they provide is true and correct. In Addition, the Division does not foresee a change to current processes in sharing applicant data with the Division of Elections. Finally, the Division recognizes the collection of, "wet," and, "electronic image," ballot signatures remain the responsibility of the Division of Elections.

There is no fiscal impact based on the proposed legislation.
